A dramatic sunset or sunrise scene with a church steeple silhouette. The sun is low on the horizon, casting a bright glow through a layer of clouds. The sky transitions from a deep orange near the sun to a dark, almost black blue at the top. The church steeple is a dark silhouette on the right side of the frame. The overall mood is serene and contemplative.

One
blue dew falls,
The mist of our contentment settles.
One
of four blue years where color
captures our minds
and we expand like
a rainbow grows
and each color we add
completes the whole.

524874

All colors fade
into blue
skies and days
filled with careless concerns.
A certain pastel
lackadaisical haze
hovers.

The parched green of the late summer days strangles and the dust of early Fall settles on the football field and off as summer leaves fall. The red and golden tones simmer and all is quiet.

Winter cold
comes, a bleak blue now
and a new year dawns
on a dark
gray day.
Different shades of blue
are discovered as somber melancholy
reigns and rains.

Everyone looks for the
signs of spring
to ease things, pressures
and awaken the colors
once more.
The waiting quiet is disturbed
by spirited blue
streaks on a frosty
window pane campus
and we adjourn again
still waiting.
Small yellow flower friends
welcome us back and we
can hear some rumblings beneath
the quiet now.
The birds and bushes hum
warm green tunes and
we are confident of the color again.

But we soon awaken
to soulful wails of a
misbegotten snow that
dumps her heaps of quiet one
last white time.
It is a trick to
turn us back but color rushes forth
inevitably.
A quite quiet hectic pace
emerges to usher forth
the May endings, beginnings.

The colors swirl and
hurry now to merge and
encircle our quietness.
And after one great dizzying
finale
the colors cool
and a faint blue
murmur
whispers again in the quiet.

HANNEFORD CIRCUS

Blue grasps and white moans
encircled in steaming sweat
reach for daylight's honor.
As the ball becomes golden,
land and time are precious.
A screaming faithful
displace the pain,
discourage the rain
and join forces as the shot
hangs in mid-air,
as the pigskin is thrown
and time stands still.
Disciplined bodies, precise
power
reigns.

not Chapel Hill's alone
but forming the state's boundary
from the misty outline
of the Blue Ridge Mountains in the west
to the crystal blue Atlantic Ocean

Rise homeward into blue
search, then reach
for timeless waters
to cleanse and bathe the doubts
of existence as a common man
born to common toil.
Celebrate the silence
and embrace thy flesh
for followers are few
and Nature's stairway is not a path
for the timid,
as she bends and falls
dispersing the pure from the impure,
the heights and waters unattained
dreams are shattered, yet
continue, struggle
bear the unborn will of
a listless soul
and plunge earthward,
back to the forgotten,
a life dreaded.

Then as grass and soil are felt anew
peer deeply within, deeply within
for golden is thy heart
when doubts
are stripped by determination
and faith is forged
by a blacksmith of colors.

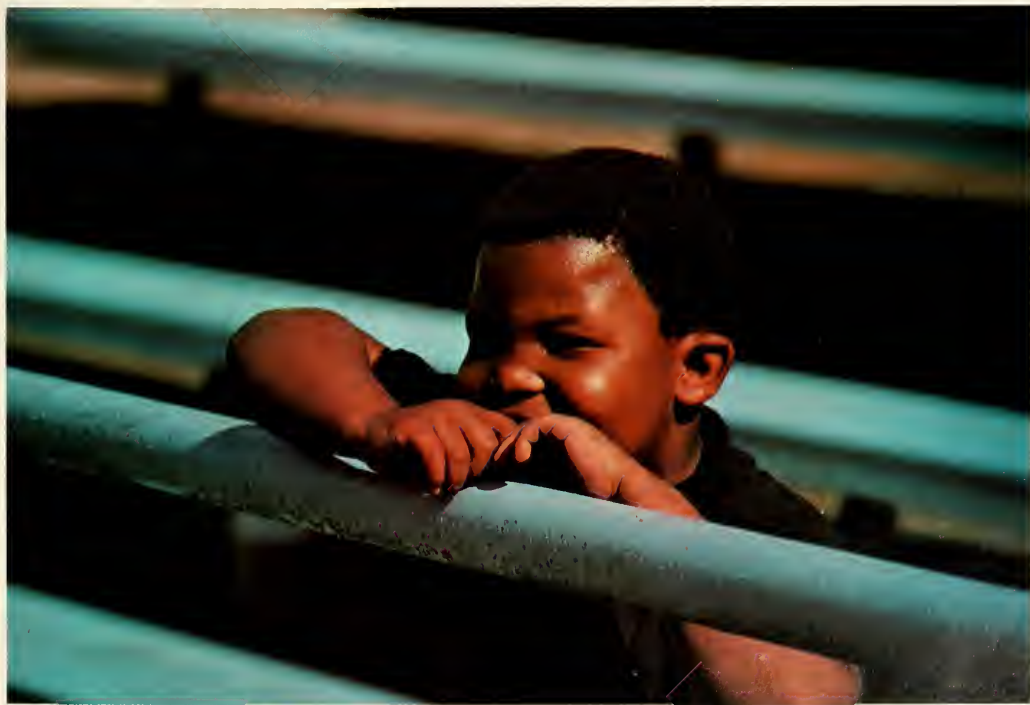

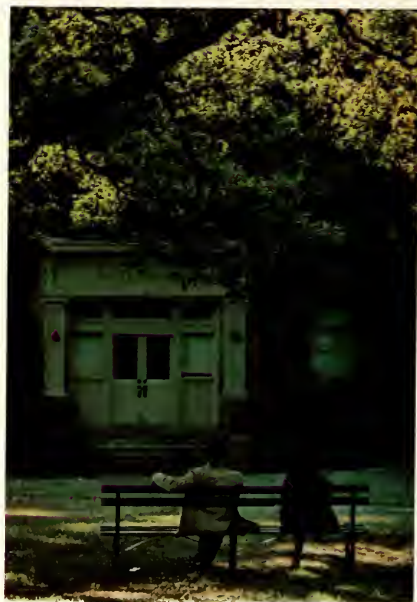

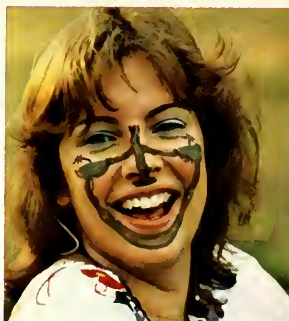

At the end of a four year rainbow
the colors merge and
vanish beyond the horizon.
Where is that glorious golden
promise?

It seems that the pastel
ribbons of color hide in
themselves the prize.
And the color of Carolina
is not only
blue.

The Warm red and golden
tones of the village, the campus
and the friends
are what make
Chapel Hill its own
pot of gold.
